ABOUT US

SINCE THE BEGINNING, WE'VE BROKEN THROUGH BARRIERS TO EVOLVE AND INNOVATE.

The Flexfit® story is full of breakthroughs because we've been toppling technical and functional limitations since day one. Today's diverse collection of caps is the result of a decades-long pursuit of greatness — because in our long history, we've never once rested or accepted the status-quo.

That's why our caps are the number one choice for innovators, experts, top-level athletes, and hard-working professionals all over the world. We believe that mindful design and quality construction are the cornerstones of performance in the field and style on the streets.

Our success has always been connected to the visionaries that express themselves through our caps. That's why we're continuing to offer a diverse range of services to accommodate ideas and styles for any application.

AFFIRMING AUTHENTICITY

Our 4-bar logo serves as a symbol of authenticity and an assurance of quality — it's a visual representation of our renowned craftsmanship, which has been apparent in the headwear industry for decades.

YP CLASSICS®

Esteemed since 1974, YP Classics® caps represent an array of styles and technologies. From original Snapbacks and Trucker styles to sturdy beanies, YP Classics® caps are crafted with the best materials on the market.

FLEXFIT®

Flexfit® caps are the original stretchable fitted caps featuring the iconic Flexfit® Technology. With polyurethane spandex woven into the sweatband, these all-purpose caps deliver the perfect blend of comfort and style for sports and casual wear.

FLEXFIT 110®

Named after its ability to fit 10 sizes and every size in between, the Flexfit 110® cap is valued by sellers and wearers alike for its superior comfort and functionality. It features an adjustable back closure with Flexfit® Technology, so all areas of the cap provide a responsive fit.

FLEXFIT 210®

The Flexfit 210® cap is designed for on-field comfort and off-field style. With an upgraded shape and wool-blended fabric, this premium collection is suitable for any occasion.

FLEXFIT DELTA®

This innovative cap is lighter, sleeker, and smarter than ever before. The Flexfit Delta® cap features seamless construction with a lightweight approach. The patented Stain-Block Technology diffuses sweat faster for extra comfort.

FLEXFIT NU®

The Flexfit NU® cap innovates the original Flexfit® cap with the unique Tri-Layer Technique and Minimal Stitching Tech that's sealed with Technical Taping to create a front panel surface that's ready for customization. The Flexfit NU® cap also features enhanced Cool & Dry tech which activates ActiveGuard™ Technology, diverting sweat and moisture for superior comfort and maximum performance.

ENGINEERED FOR PERFORMANCE

In 1994, Flexfit® Tech was the first to weave polyurethane spandex into our headbands and crowns for added elasticity, performance, and comfort. Since then, Flexfit® Technology has evolved and defied conventional headwear mechanics year after year. With a continued focus on innovation, our caps provide the best fit for every unique shape and every demanding application.

[WEBSITE](#)

WEBSITE

TECHNOLOGIES

FLEXFIT® TECH

Weaves polyurethane spandex throughout the cap's crown for a secure and flexible fit.

FLEXFIT® MESH

A revolutionary stretchable mesh that provides ultimate ventilation and comfort.

HYBRID TECH

Combining water repellency and Cool & Dry's moisture-wicking for ultimate comfort.

HYPER TECH

Conquers all of the elements: thermal regulation, Cool & Dry, anti-bacterial, and UV protection.

PERMACURV®

Visor technology that maintains its proper shape and curve at all times.

FLEXIBLE VISOR

Super lightweight and designed to be bent in any way and still keep its shape.

ECOWASH™

Clean fabric washing technology with less water, less energy and no chemicals usage.

ULTRAFIBRE

Robust, lightweight, and wind/water resistant fibers with a natural shine that emanates strength.

COOL & DRY

Wicks perspiration away from the body, making sure to stay cool, dry, and refreshed.

PRO-FORMANCE®

Combines Cool & Dry properties with the premium look and feel of wool fabric.

STAIN BLOCK TECH

This patented technology features a 3-layer multifunctional sweatband that effectively absorbs, stores and diffuses sweat to the undervisor where it evaporates.

UNIPANEL™ TECH

Seamless front panel that provides a smooth, uninterrupted canvas for immediate wear or customization.

ADVANCING THE LEGACY

The Flexfit NU® Cap innovates the original Flexfit® Cap with the unique Tri-Layer Technique and Minimal Stitching Tech that’s sealed with Technical Taping to create a front panel surface that’s ready for customization. The Flexfit NU® cap also features enhanced Cool & Dry tech which activates ActiveGuard™ Technology, diverting sweat and moisture for superior comfort and maximum performance.

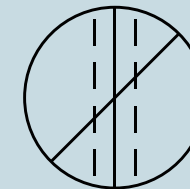

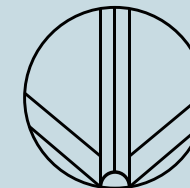

ACTIVEGUARD™ TECHNOLOGY:
Integrated with enhanced Cool & Dry technology, the Flexfit NU® sweatband provides elevated moisture management and ultimately activates for ActiveGuard™ Technology for maximum performance and superior comfort.

TRI-LAYER TECHNIQUE:
The front panel includes 3 layers instead of the traditional 6 layers, allowing a flatter front surface for a cleaner look and application for embellishments.

MINIMAL STITCHING TECH:
The front panel doesn't include the traditional double-stitching, allowing superior execution of front decoration and embellishment.

TECHNICAL TAPING:
The inside of the front panel is constructed with a seam-sealed taping to create a flatter and smoother surface.

TECHNOLOGY/FEATURES

Black/White Charcoal/Black Navy/White

VISOR

A fabric-covered round piece attached to the front of the cap.

Made to help shield the eyes from the sun, visors come in a wide range of shapes and curvatures to cater to a variety of headwear styles.

CROWN

The distance from the bottom edge of the cap to the top of the head.

This helps determine the depth of the cap. A smaller number means the cap will sit higher on the head while a larger number means the cap will sit lower.

PANELS

Triangular pieces of fabric that are stitched together.

These pieces come together to form the main rounded structure of the cap. Depending on the style, caps generally consist of 5 or 6 panels.

CLOSURE

The back piece of the cap that determines fit and adjustability.

There is a wide range of closure types such as snapbacks, buckles, and plastic hooks made to give our customers the perfect fit.

PROFILE

The slope of the cap's crown.

Low-profile caps tend to have crowns that are more angled while high profile caps have crowns that are more perpendicular to the visor.
